PART 1 NATIONAL OVERVIEW

3	Introduction
6	Reauthorization of the Magnuson–Stevens Act
7	Ecosystem Approaches to Fisheries Management
10	Contents
11	Common Terms
13	U.S. Fisheries Production and Status
16	Harvest Rate
17	Stock Status
19	Fishery Resource Status Relative to Fishing Mortality and Biomass Targets
19	Stock Level Relative to B_{MSY}
20	Fishing Mortality and Resource Biomass relative to Target Levels
21	Protected Resource Status
21	Marine Mammals
22	Sea Turtles
23	Regional Ecosystem and Unit Summaries
23	Northeast Shelf
25	Southeast Shelf, Gulf of Mexico, and Caribbean Sea
28	California Current
30	Alaska Ecosystem Complex
33	Pacific Islands Ecosystem Complex
34	Highly Migratory Species
36	Recent Trends for Fisheries
36	Stock Level
37	Recent Yields
40	Recent Trends for Protected Resources
40	Marine Mammals
41	Sea Turtles
42	Issues of National Concern
42	Stock Rebuilding and Recovery
45	Recreational Fishing
46	Place-based Management
48	Limited Access Privilege Programs
50	Scientific Advice and Adequacy of Assessments
52	Outlook
53	Literature Cited

PART 2 FEATURE ARTICLES

- 57 Prelude to Sustainability: Ending Overfishing in U.S. Fisheries
- 67 Improving Fisheries Science with Advanced Sampling Technologies
- 77 Deep-sea Coral Ecosystems of the United States
- 87 Conservation and the Endangered Species Act: The National Marine Fisheries Service's Cooperative and Proactive Approaches

PART 3 LIVING MARINE RESOURCES

- 103 Unit 1. Northeast Demersal Fisheries
- 113 Unit 2. Northeast Pelagic Fisheries
- 117 Unit 3. Atlantic Anadromous Fisheries
- 125 Unit 4. Northeast Invertebrate Fisheries
- 133 Unit 5. Atlantic Highly Migratory Pelagic Fisheries
- 137 Unit 6. Atlantic Shark Fisheries
- 149 Unit 7. Atlantic and Gulf of Mexico Coastal Pelagic Fisheries
- 157 Unit 8. Atlantic, Gulf of Mexico, and Caribbean Reef Fisheries
- 163 Unit 9. Southeast Drum and Croaker Fisheries
- 169 Unit 10. Southeast Menhaden Fisheries
- 173 Unit 11. Southeast and Caribbean Invertebrate Fisheries
- 181 Unit 12. Pacific Coast Salmon
- 189 Unit 13. Alaska Salmon
- 201 Unit 14. Pacific Coast and Alaska Pelagic Fisheries
- 211 Unit 15. Pacific Coast Groundfish Fisheries
- 223 Unit 16. Western Pacific Invertebrate Fisheries
- 231 Unit 17. Western Pacific Bottomfish and Groundfish Fisheries
- 237 Unit 18. Pacific Highly Migratory Pelagic Fisheries
- 251 Unit 19. Alaska Groundfish Fisheries
- 263 Unit 20. Alaska Shellfish Fisheries
- 267 Unit 21. Marine Mammals of the Alaska Region
- 283 Unit 22. Marine Mammals of the Pacific Region and Hawaii
- 301 Unit 23. Marine Mammals of the Atlantic Region and the Gulf of Mexico
- 317 Unit 24. Sea Turtles

PART 4 APPENDICES

- 331 Appendix 1. Acknowledgements
- 333 Appendix 2. Fishery Management Councils, Their Jurisdictions, and Fishery Management Plans
- 337 Appendix 3. Principal Facilities of the National Marine Fisheries Service
- 341 Appendix 4. Stock Assessment Principles and Terms
- 347 Appendix 5. Common and Scientific Names of Species
- 361 Appendix 6. Acronyms and Abbreviations
- 367 Appendix 7. Species Listed Under the Endangered Species Act

LIST OF TABLES

PART 1 NATIONAL OVERVIEW

13	Table 1. Productivity of U.S. fisheries resources
15	Table 2. Regional productivity of U.S. fisheries resources
16	Table 3. Harvest rate of U.S. fisheries resources
17	Table 4. Stock status of U.S. fisheries resources
19	Table 5. Stock levels relative to B_{MSY} for U.S. fisheries resources
22	Table 6. Status of marine mammals and sea turtles
22	Table 7. Population trends of marine mammals
23	Table 8. Productivity of Northeast Shelf fisheries resources
25	Table 9. Productivity of Southeast Shelf fisheries resources
26	Table 10. Productivity of Gulf of Mexico fisheries resources
26	Table 11. Productivity of Caribbean Sea fisheries resources
29	Table 12. Productivity of California Current fisheries resources
31	Table 13. Productivity of Alaska Ecosystem Complex fisheries resources
33	Table 14. Productivity of Pacific Islands Ecosystem Complex resources
35	Table 15. Productivity of highly migratory species fisheries resources
36	Table 16. Stock level changes since <i>OLO '99</i>
37	Table 17. U.S. RAY changes since <i>OLO '99</i>
38	Table 18. RAY changes greater than -50% since <i>OLO '99</i>
39	Table 19. RAY changes greater than +50% since <i>OLO '99</i>
43	Table 20. Potential gains in yield from rebuilding depleted stocks

PART 2 FEATURE ARTICLES

PRELUDE TO SUSTAINABILITY: ENDING OVERFISHING IN U.S. FISHERIES

62	Table 1. U.S. stocks subject to overfishing, 1997–2007
64	Table 2. Fish Stock Sustainability Index (FSSI) scores for U.S. stocks

DEEP-SEA CORAL ECOSYSTEMS OF THE UNITED STATES

78	Table 1. Differences between tropical shallow-water and deep-water stony corals
81	Table 2. Current threats to deep coral communities by U.S. region

CONSERVATION AND THE ENDANGERED SPECIES ACT: THE NATIONAL MARINE FISHERIES SERVICE'S COOPERATIVE AND PROACTIVE APPROACHES

95	Table 1. Proactive Species Conservation Program projects funded for Fiscal Year 2007
----	--

PART 3 LIVING MARINE RESOURCES

104	Table 1-1. Productivity and status of Northeast demersal fishes
114	Table 2-1. Productivity and status of Northeast pelagic fishes
118	Table 3-1. Productivity and status of Atlantic anadromous fishes
126	Table 4-1. Productivity and status of Northeast invertebrates
136	Table 5-1. Productivity and status of U.S. highly migratory pelagic fishes in the Atlantic
138	Table 6-1. Current shark management groups
140	Table 6-2. Productivity and status of Atlantic sharks
150	Table 7-1. Productivity and status of U.S. coastal pelagic fishes in the Atlantic and Gulf of Mexico
159	Table 8-1. Productivity and status of Southeast reef fishes
164	Table 9-1. Productivity and status of Southeast drums and croakers
170	Table 10-1. Productivity and status of Southeast menhaden
175	Table 11-1. Productivity and status of Southeast invertebrates
182	Table 12-1. Productivity and status of Pacific Coast salmon
192	Table 13-1. Productivity and status of Alaska salmon
203	Table 14-1. Productivity and status of Pacific Coast and Alaska pelagic fishes
213	Table 15-1. Productivity and status of Pacific Coast groundfishes
226	Table 16-1. Productivity and status of Western Pacific invertebrates
232	Table 17-1. Productivity and status of Western Pacific bottomfish and groundfish
238	Table 18-1. Productivity and status of Pacific highly migratory pelagic fishes
252	Table 19-1. Productivity and status of Pacific halibut
264	Table 19-2. Productivity and status of Alaska groundfishes
264	Table 20-1. Productivity and status of Alaska shellfishes
268	Table 21-1. Status of Alaska marine mammals
274	Table 21-2. Population estimates for Alaska harbor seal stocks
284	Table 22-1. Status of Pacific Region marine mammals
289	Table 22-2. Incidental mortality and serious injury of false killer whales
293	Table 22-3. Population estimates for central California harbor porpoise
295	Table 22-4. Potential biological removal and mean annual takes of harbor porpoise
302	Table 23-1. Status of Atlantic and Gulf of Mexico marine mammals
310	Table 23-2. Incidental mortality of pilot whales in commercial fisheries
311	Table 23-3. Pilot whale strandings along the U.S. Atlantic Coast
318	Table 24-1. Status of principal sea turtle nesting populations

LIST OF FIGURES

PART 1 NATIONAL OVERVIEW

- 5 Figure 1. Map of U.S. Exclusive Economic Zone and Regional Ecosystems
14 Figure 2. Total recent average yield, sustainable yield, and U.S. prorated share
15 Figure 3. U.S. sustainable yield by Regional Ecosystem
17 Figure 4. Stock harvest rates
18 Figure 5. Stock status
19 Figure 6. Stock levels relative to B_{MSY}
20 Figure 7. Status of U.S. living marine resources relative to fishing mortality and biomass targets

PART 2 FEATURE ARTICLES

PRELUDE TO SUSTAINABILITY: ENDING OVERFISHING IN U.S. FISHERIES

- 61 Figure 1. U.S. stocks subject to overfishing in 2007 by Fishery Management Council

IMPROVING FISHERIES SCIENCE WITH ADVANCED SAMPLING TECHNOLOGIES

- 68 Figure 1. Acoustic echograms displaying volume backscatter
69 Figure 2. Acoustical systems used during routine pelagic fish surveys
70 Figure 3. Spatial distribution of Atlantic herring observed during an acoustic survey
70 Figure 4. Pelagic trawl on board the NOAA ship *Miller Freeman*
71 Figure 5. Acoustical and optical technologies for surveying fish
71 Figure 6. Underwater video image of Atlantic herring and feeding blue shark
72 Figure 7. Fetch3X autonomous underwater vehicle
73 Figure 8. Classification of acoustic backscatter using echo sounder data
75 Figure 9. Three-dimensional computed tomography image of an alewife

DEEP SEA CORAL ECOSYSTEMS OF THE UNITED STATES

- 82 Figure 1. Map of active oil and gas leases in the Gulf of Mexico

CONSERVATION AND THE ENDANGERED SPECIES ACT: THE NATIONAL MARINE FISHERIES SERVICE'S COOPERATIVE AND PROACTIVE APPROACHES

- 92 Figure 1. Protected Species Cooperative Conservation Program funding by state
93 Figure 2. Total grant funding by species
93 Figure 3. Map of critical habitat for leatherback sea turtles
94 Figure 4. Fiscal Year 1999–2007 Allocation of species of concern research/outreach funds
96 Figure 5. Map of green sturgeon distribution
97 Figure 6. Catch of green sturgeon in the Yurok tribal salmon fishery

PART 3 LIVING MARINE RESOURCES

106	Figure 1-1. Landings and survey index of principal groundfishes
107	Figure 1-2. Landings and survey index of dogfish and skates
109	Figure 1-3. Areas closed year-round to protect New England groundfishes
115	Figure 2-1. Landings and survey index of Northeast principal pelagic stocks
118	Figure 3-1. Landings of anadromous stocks
120	Figure 3-2. Atlantic salmon returns to U.S. rivers and mariculture production
121	Figure 3-3. Landings, spawning stock biomass, recruitment of Atlantic striped bass
126	Figure 4-1. Landings of American lobster
127	Figure 4-2. U.S. and Canadian landings of Atlantic sea scallop
134	Figure 5-1. U.S. landings of Atlantic highly migratory species
141	Figure 6-1. Catches and stock abundance of Atlantic large coastal sharks
143	Figure 6-2. Catches and stock abundance of Atlantic small coastal sharks
144	Figure 6-3. Landings of Atlantic pelagic sharks
150	Figure 7-1. Total landings of Atlantic and Gulf of Mexico coastal pelagic stocks
151	Figure 7-2. Landings and relative abundance index of Spanish mackerel in the Gulf of Mexico and South Atlantic
152	Figure 7-3. Landings relative abundance index of king mackerel in the Gulf of Mexico and South Atlantic
153	Figure 7-4. Landings of cobia in the Atlantic and Gulf of Mexico
154	Figure 7-5. Landings of dolphinfish in the Atlantic and Gulf of Mexico
160	Figure 8-1. Landings of Gulf of Mexico reef fish
161	Figure 8-2. Landings of South Atlantic reef fish
161	Figure 8-3. Landings of Caribbean reef fish
164	Figure 9-1. Landings of Southeast drums and croakers
171	Figure 10-1. Landings and fecundity of menhaden in the Atlantic and Gulf of Mexico
174	Figure 11-1. Landings and abundance index of shrimp in the Gulf of Mexico
176	Figure 11-2. Landings of Southeast and Caribbean stone crab, golden crab, and Caribbean spiny lobster
183	Figure 12-1. Landings of Pacific Coast Chinook salmon
184	Figure 12-2. Landings of Pacific Coast coho salmon
184	Figure 12-3. Landings of Pacific Coast sockeye salmon
185	Figure 12-4. Landings of Pacific Coast chum salmon
185	Figure 12-5. Landings of Pacific Coast pink salmon
190	Figure 13-1. Commercial landings of all Alaska salmon
192	Figure 13-2. Commercial landings of Alaska pink salmon
193	Figure 13-3. Average commercial landings of Alaska salmon by number
193	Figure 13-4. Commercial landings of Alaska sockeye salmon
194	Figure 13-5. Commercial landings of Alaska chum salmon
195	Figure 13-6. Commercial landings of Alaska coho salmon
195	Figure 13-7. Commercial landings of Alaska Chinook salmon
196	Figure 13-8. Ex-vessel revenue of Alaska commercial salmon landings
202	Figure 14-1. Landings and biomass of Pacific Coast Pacific sardine
203	Figure 14-2. Landings and biomass of Pacific Coast northern anchovy
204	Figure 14-3. Landings and biomass of Pacific Coast Pacific chub mackerel
205	Figure 14-4. Landings of Pacific Coast jack mackerel
206	Figure 14-5. Landings of market squid in California
206	Figure 14-6. Commercial landings of Pacific herring off the Pacific Coast
207	Figure 14-7. Landings of herring roe and kelp in California
208	Figure 14-8. Landings of Pacific herring off Alaska

212	Figure 15-1. Relative components of Pacific Coast groundfish total ex-vessel value
214	Figure 15-2. Relative spawning biomass of overfished Pacific Coast groundfishes
215	Figure 15-3. Relative spawning biomass of selected Pacific Coast groundfishes
224	Figure 16-1. Map of the Main and Northwestern Hawaiian Islands
225	Figure 16-2. Landings of Hawaiian lobsters
227	Figure 16-3. Historical landings of Western Pacific precious corals
232	Figure 17-1. Fishery catch per unit of effort for North Pacific armorhead in the Western Pacific
233	Figure 17-2. Landings and catch per unit of effort for Western Pacific bottomfishes
234	Figure 17-3. Survey catch per unit of effort for North Pacific armorhead in the Western Pacific
242	Figure 18-1. Landings of skipjack tuna in the Pacific Ocean
243	Figure 18-2. Landings of yellowfin tuna in the Pacific Ocean
243	Figure 18-3. Landings of bigeye tuna in the Pacific Ocean
244	Figure 18-4. Landings of albacore in the Pacific Ocean
244	Figure 18-5. Landings of swordfish in the Pacific Ocean
245	Figure 18-6. Landings of blue marlin in the Pacific Ocean
246	Figure 18-7. Landings of blue shark in the Pacific Ocean
253	Figure 19-1. Landings and exploitable biomass of Pacific halibut
253	Figure 19-2. Landings and biomass of Bering Sea and Aleutian Islands groundfish
257	Figure 19-3. Landings and biomass of Gulf of Alaska groundfishes
265	Figure 20-1. Landings and abundance of king crab in the Gulf of Alaska and Bering Sea
265	Figure 20-2. Landings and abundance of southern Tanner and snow crabs in the Gulf of Alaska and Bering Sea
266	Figure 20-3. Landings of shrimp and snails in the Gulf of Alaska and Bering Sea
270	Figure 21-1. Estimated population size of Steller sea lions off the United States and Canada
271	Figure 21-2. Map of eastern North Pacific right whale historical distribution and recent sightings
288	Figure 22-1. Map of survey sighting locations for false killer whales in Hawaii
289	Figure 22-2. Map of false killer whale takes in the Hawaii-based longline fishery
291	Figure 22-3. Map of survey sighting locations of humpback whales off the Pacific Coast
292	Figure 22-4. Map of survey sightings for blue whales off the Pacific Coast
293	Figure 22-5. Harbor porpoise stocks and boundaries in California and southern Oregon
294	Figure 22-6. Aerial survey estimates of abundance for central California stocks of harbor porpoise
